Business Information in a Global Context

Connect with key northern stakeholders for crucial insight on the future of Arctic activity, and opportunities for Canada in the global energy sector.

CI Energy Group is pleased to announce the 20th Anniversary of the **Arctic Oil & Gas Symposium**, in Calgary. This anticipated annual event has brought together hundreds of the major players in northern resource development for candid discussions and information sharing on regulatory issues and new business opportunities.

Join us in 2020 to gain greater clarity on the direction from new Federal and Territorial governments, learn about advancements in infrastructure, the impact of changing climate patterns, and what is required to overcome the challenges of moving forward with new projects.

Whether you are new to this event or eager to return this is your best opportunity to meet the leaders and decision makers from government, industry and Indigenous communities. Ensure you are part of the critical discussions on Canada's role in global energy markets and the future of sustainable resource development.

We look forward to welcoming you **March 18-19, 2020** in Calgary at this must-attend event.

CANADA'S OIL & NATURAL GAS PRODUCERS

The Canadian Association of Petroleum Producers (CAPP) represents companies, large and small, that explore for, develop and produce natural gas and oil throughout Canada. CAPP's member companies produce about 80 per cent of Canada's natural gas and oil. CAPP's associate members provide a wide range of services that support the upstream oil and natural gas industry. Together CAPP's members and associate members are an important part of a national industry with revenues from oil and natural gas production of about \$109 billion a year. CAPP's mission, on behalf of the Canadian upstream oil and natural gas industry, is to advocate for and **enable economic competitiveness and safe**, environmentally and socially responsible performance.
