

LIGHTNING™

LIGHTNING™ IS A TACTICAL SITUATIONAL-AWARENESS PLATFORM BUILT ON TAK ARCHITECTURE FOR PUBLIC SAFETY AGENCIES, SUPPORTING BOTH ANDROID AND IOS.

INSTANT ONBOARDING

No dedicated hardware. No complex IT. Just fast, secure access in the field. Available as a cloud-based, hybrid or on premise solution.

SECURE

Securely exchange encrypted text, voice, photos, and video across multiple agencies.

TEAM CALL-OUT

Notify teams, share critical updates, and automatically connect first responders across multiple agencies to a secure, incident-specific TAK workspace whether logged in to the platform or net.
